HOGS FATTENED ON PEAS IN DEMAND

Another Shipment of Porkers From Colorado Pass Through City Enroute to California.

Fattening hogs on peas is developing into an important industry in the San Luis Valley, and a large percentage of the porkers are finding their way to the markets of California.

Sixteen car-loads of pea-fattened hogs from the Colorado valley left this city yesterday via the Atchinson, Topeka & Santa Fe Railway, half of the shipment being billed to Los Angeles, and the other half to San Francisco. The swine arrived here the day before over the Denver & Rio Grande Railroad, having been transferred here from narrow gauge to standard gauge cars.

Already this season over twenty thousand hogs have been shipped from the San Luis Valley through this city to Los Angeles and San Francisco. Other shipments are booked to follow.—Santa Fe New Mexican.

The fattening of hogs on peas should become an industry in Quay county. Peas are a sure crop and yield abundantly, and there is no better hog country anywhere than here. No cholera or diseases of any kind to bother. The farmers should try it.

Jackson, Galbraith-Foxworth Co. now have complete stocks of Tower Material.

Bulletin.

A case of scarlet fever has been reported to the health office of Tucumcari this week. Proper guaranteed regulations have been enforced, and with the cooperation of the public in all suspicious cases, there need be little anxiety on the part of the community. On the other hand, any carelessness on the part of a few people will jeopardise all efforts of the rest. All suspicious cases should be reported at once, in order that strict quarantine measures be adopted in all cases. This may work individual hardships, but it will at least prevent an epidemic.

H. D. NICHOLS,
Health Officer,
Tucumcari, N. M.

Patterson & Donohoo at the Court house get reports every week from the land office.
